

9 Greenhill Road, Augusta

Lifestyle in Comfort

Live the lifestyle dream in comfort! This 3ha property offers the quiet bushland setting plus a very comfortable home and a winter creek just outside the lounge room window!

The home is not visible from the road and the driveway meanders through trees, over the creek and into a beautiful garden.

The home has been beautifully renovated and extended to become a very welcoming, spacious home. The extensive use of large windows allows lots of natural light to come in. The windows also let you feel as though the home is part of the garden.

Some of the many features include two huge living areas, master suite plus two other bedrooms and a workshop and bedsit flat.

This home is a beauty!
