

Tamborine Mountain

Limited Land Available

Make your new nest in this location which is in an established area, where very little opportunity arises as vacant blocks are becoming quite scarce in this vicinity.

This property has been in the current owners possession since 1982 and is now available for you to secure a sought after location positioned on the northern end of the mountain providing easy access to and from major shopping, M1 expressway and Helensvale Rail.

The block has an approximate 31 metre frontage and approximate 40 metre to rear boundary totalling 984 m2 (approx) which falls away to a serene bush corridor with a summer creek feature to take benefit from, if a rear deck is on your mind to enhance the prospect of outdoor living being a common feature with local surrounds.

Please contact Marketing and Sales Agent Peter Batten to assist with your enquiry.
