

Malwepe Island, East Coast, Espiritu Santo, Vanuatu ,

Perfect Island - Perfect Location

This magnificent secluded 1.75 hectare island is the best pick of the small islands that we currently have available - covered in rainforest and beautiful mature trees and sheltered from the brunt of the weather by larger islands. It's very private and has good building sites available. You can enjoy your own private beach to swim and play on.

Located close to beautiful serene Peterson Bay a popular haven for yachts from around the world because of its sheltered anchorage and pristine environment. Kayak to Turtle Bay Lodge for lunch or perhaps Lope Lope Adventure Lodge just down the road.

This is really "the best of both worlds" - because it is only minutes to the mainland - and 20 minutes to town.

You are alongside good neighbours here. Take time out from sailing and moor your yacht along side your very own island paradise.

Come see for yourself!
