

Conquistadors Apartment, (208) Port Vila Vanuatu ,

Beautiful Apartments in Pango - Conquistadors.

Live on top of the world in Pango. This is a private boutique apartment complex in a lush tropical setting. Its hill top location benefits from the cooling year round trade winds and ocean views. It's a very beautiful setting.

There is one 3-bedroom unit available for permanent lease. The unit is furnished and the rents includes security (7 days a week), gardener, housekeeping once a week (could be more often at tenants expense) and maintenance of the shared pool.

Each bedroom is individually air-conditioned. This unit is split level with all 3 bedrooms upstairs and kitchen & living downstairs. It is very spacious and definitely more like a small home than a unit.

Rent is Vt. 295,000 per month all inclusive - this is not negotiable and nor are the inclusions.

As these costs are shared across the 6 unit complex, therefore none of these costs maybe individually excluded from the total cost.
