

Broulee

TRAIN STREET CENTRAL

This unique and exciting development is set to become Broulee's commercial hub with a stylish and modern design that will complement and add to the essence of Broulee. The Train Street Central development is divided into three stages and will incorporate a mix of office, retail, food spaces and North facing residential units. The development has many unique facilities including Amphitheatre, children's playground, bike wash bay and generously landscaped areas which are visualised as spaces to be utilised by the community for casual and organised activity.
