"Nestled in a Bush Landscape"

Under instructions from Roads & Maritime Services

Ever since the beginning of time, views have been the no 1 priority for those select few looking for a feature that cannot be found in a built up area.

Views allow you the opportunity to create a masterpiece that many will never have the opportunity to own.

Home owners and builders alike that are shrewd property people will understand the opportunity that this vacant land offers.

Make your mark here and create a home that will be the envy of many.

- 3 Acres with great southerly views
- 20% of block already cleared
- Close to transport
- Excellent building site
- Loads of potential (STCA)
