Lovely outlook to the park opposite this charming, individually designed 4 bed 2 bath home on 823m2 block, zoned R20.

If you're looking for unique quality and charm with spacious bedrooms, then this is worth an inspection.

From the spacious, well appointed kitchen you can watch the children play in the fully enclosed, secure front yard or across the road in the park.

A comfortable family room is situated off the kitchen area and a charming separate lounge offering a gas fire place and timber ceilings.

Do you require extra storage for your linen etc or like to tinker with woodwork or mechanics? This home has both areas covered with internal and external storage.

The owner is the original occupant and designer and will be sad to move and is hoping to find a buyer who will enjoy this lovely home as much as her family have.

If you would like a viewing outside home open days, please call me to arrange.
